

### **Local Primary Source Guide**

If your instructor requires you to use primary source material to complete your research project, the Symposium committee has provided a topical list of materials available for research at the SLU University Archives and Jesuit Archives: Central United States. These archival materials may be of interest for anyone writing on a topic related to the artistic work of local Jesuits, the arts in local Jesuit schools, or how the American Catholic experience has been artistically expressed in Midwestern communities.

---
